## **Pacifica temporary service restructure**

Please be advised of Pacifica's redesigned coastal service as a measure to restore schedule integrity and optimize the available capacity within our network. The revision includes the reintroduction of a **weekly Wellington call** into the Pacifica network

These temporary changes will enable Pacifica to continue operating both vessels efficiently and deliver the most environmentally sustainable transport solution; supported by our "first & last mile" door to door services.

The updated service structure is as follows:

- **NZ 1 (MV *Moana Chief*)**  
Auckland (Thu) → Lyttleton (Sat): **weekly**  
Timaru (Mon) / Marsden Point (Tue): **alternating fortnightly**
- **NZ 2 (MV *Takutai Chief*)**  
Tauranga (Fri) → Wellington (Mon) → Nelson (Tue): **weekly**

**Please refer to the attached service map and long-term schedule.**

Pacifica will seek to provide our customers with alternative routings and solutions for port pairs previously offered that are currently outside the scope of the new service framework.

We thank you for your co-operation and patience as the new schedules are phased in.

Pacifica remains committed to the long-term future of the Blue Highway and investment in sustainability practices that will help to advance the decarbonization of the domestic freight sector.

Our team looks forward to continuing to serve your needs and providing you with the highest standards of customer service that Pacifica have successfully delivered since 1985.

For further information, please contact your local Pacifica representative.
